1. The immersed interface method for elliptic equations with discontinuous coefficients and singular sources, SIAM J. Numer. Anal. 31:1019–1044, 1994, R. J. LeVeque and Z. Li.

Page 1039, Eqn. (5.1):  $\int_{\Gamma}^2 \delta \dots$  should be  $\int_{\Gamma} 2\delta \dots$

The plot in Fig. 6(b) does not show the correct result for the test function (5.6), see correction in: Erratum: "The immersed interface method for elliptic equations with discontinuous coefficients and singular sources", SIAM J. Numer. Anal. 32:1704, 1995, R. J. LeVeque and Z. Li.
